The Opportunity

The Emerging Professionals Accelerator is a **full-day career development event designed for new and young professionals hosted on July 28th at the World Trade Centre in Edmonton**. Bringing together students, recent graduates, and early-career individuals, this event delivers hands-on workshops, expert panels, and real networking opportunities — all in one day.

Sponsoring this event means putting your brand in front of a motivated, growth-minded audience that is actively shaping the future of Edmonton's workforce. These are the professionals who will go on to make hiring decisions, build businesses, and drive community impact, and you have the opportunity to be part of their story from the very beginning.

Beyond brand visibility, sponsorship **positions your organization as a champion of professional development and community investment**, values that resonate deeply with today's emerging talent.

Attendees will leave with:

- A deeper understanding of their professional personality, working style, and how to perform under pressure
- The confidence to communicate effectively in any professional setting
- Meaningful connections with Edmonton's emerging professional community

This event is presented in partnership with Junior Chamber International, a global network that empowers young people to lead in their communities.
